STUDENTS FEEDBACK REPORT

The Institution conducted Parents-Teachers meeting on 13.09.17 in Room No 17 at 12.45PM and also collected feedback from the students. The institution collected feedback from 264 students regarding the Infrastructure and teaching learning process. 82 % of students reported good to the syllabus completion in the class. Maximum students (64%) reported good to their overall experience on internal assessment. They are satisfied with the integration of theory and practical classes. Maximum students (62%) participated in different activities beyond the classroom. Some students have reported that the physical infrastructure, library, canteen facility and playground are satisfactory. Some also have stated that Laboratory facilities need to be improved. It was found that 51.63% of students use WI-FI and Internet facility during the college hour. Students have also rated drinking water facility, washroom cleanliness and maintenance of college campus as good. 38 % students use college website for the latest information. Students have also suggested to increase the number of computers in ICT laboratory, appointment of ICT teachers and implementation of ICT based classes. Students have also demanded for the Xerox facility in the Library and a conference hall in the Institute.

The meeting was concluded by giving assurance that the requirements will be fulfilled gradually looking to the feasibility of funds.
